

PROGRAMME

4th EUROPEAN HOSPITAL CONFERENCE

Chances and Challenges of E-Health

16 NOVEMBER 2017

CCD Congress Center Düsseldorf (CCD Ost)

Message of Greeting

Vytenis Andriukaitis
European Commissioner for
Health & Food Safety

Digital health solutions offer many opportunities to patients as they enable them to manage their health more easily, more closely and more accurately. In other words, E-Health increases patient empowerment. For healthcare systems, digital health solutions mean more efficiency and the delivery of quality healthcare. However, to reap the full benefits of E-Health we must ensure concrete interoperability of health systems and assure our citizens that the privacy of their health data will be protected.

The European Commission works with Member States to ensure patients can transfer their medical record electronically when receiving healthcare in another country and use e-prescriptions when travelling abroad.

The recently launched European Reference Networks for rare, low prevalence or complex diseases will illustrate the benefits of E-Health Solutions for patients in a concrete manner. These networks will use telemedicine and IT tools to connect medical specialists across countries and disciplines so they can review patients' diagnosis and treatment. This way, the medical knowledge and expertise travel rather than the patients.

I wish you a successful conference!

Vytenis Andriukaitis

European Commissioner for Health & Food Safety

What is the 4th EUROPEAN HOSPITAL CONFERENCE?

The **4th EUROPEAN HOSPITAL CONFERENCE (EHC)** takes place as part of **MEDICA 2017** and the **40th German Hospital Conference**. The EHC will address different political, medical and economic topics from across all of Europe. As a separate event the EHC is directed by the Gesellschaft Deutscher Krankenhaustag (GDK) and will be held in the CCD Congress Center Düsseldorf (CCD Ost) on the trade fair grounds of Messe Düsseldorf.

The event is dedicated to the topic **“Chances and Challenges of E-Health”**.

Andrzej Rys, Director General of the Directorate SANTE of the European Commission, will present the European Commission’s “E-Health Action Plan 2012–2020”.

High-ranking speakers from the European Hospital and Healthcare Federation (HOPE), the European Association of Hospital Managers (EAHM) and the Association of European Hospital Physicians (AEMH) will give lively comments on that.

Beyond this, national E-Health-Concepts from Denmark, Germany, Sweden and Switzerland will be presented, followed by concrete examples of implementation of individual E-Health Solutions in hospitals.

Approximately 120 top decision-makers from Europe’s hospitals are expected to attend. All presentations will be translated simultaneously into English, French and German. Conference time: 10.00 h – 16.30 h.

The supporting programme

At the conference on **16 November 2017** our guests will be served a lunch.

In preparation of the conference, we would like to warmly invite you to our evening event on Wednesday, **15 November**, at a fascinating Düsseldorf location: Maxhaus. The former monastery is directly located in the attractive and lively city center of Düsseldorf. Painstakingly rebuilt, today the impressive building shows both – historic and modern architectural features and it is a unique place to hold special events. Besides the extraordinary surroundings, culinary delectables await you at the evening event.

Address: Maxhaus, Schulstraße 11, 40213 Düsseldorf

Furthermore, the evening event is the ideal opportunity for the participants of the **4th EUROPEAN HOSPITAL CONFERENCE** to expand their own network Europe-wide. Meet colleagues from other European countries, establish new contacts in a relaxed atmosphere or cultivate already existing ones.

Moreover, an attractive present is waiting for one of you:
Amongst all participants a brand-new Apple iPad will be raffled off.

Please do not hesitate to participate in this evening event.

We want to make your stay as agreeable as possible.
