Leading International Trade Fair

Material for practice
Commodities and consumer goods in Halls 5, 6, 7.0, 7.1 and 7a
The world of medicine is meeting at MEDICA 2019 – a must for anyone who wants to experience tomorrow’s healthcare market live.

The medical sector is moving towards the future, which will be more dynamic, more digital and more closely networked than ever before. Mastering tomorrow’s challenges requires keeping your finger on the pulse. Businesses, opinion leaders, trade visitors, decision-makers and experts need a common platform that moves with the times. A platform that brings together medical expertise and on which knowledge is shared and the future defined – and that is always one step ahead when it comes to innovation.

MEDICA 2019: where the world of medicine meets

Come join us at the largest international communication and networking platform in the industry. Whether you link up in Düsseldorf or virtually before the event using our matchmaking tool, the main thing is that you come together and discover all that MEDICA has to offer even more quickly and easily with our new search system.

Take advantage of this combination of the world’s largest trade fair for medicine, the leading supply market event for the associated production sector and a dynamic atmosphere to drive your success. The entire process chain at a glance: at COMPAMED, you will discover the current innovations that could shape your future innovations. The MEDICA START-UP PARK matches ideas and investors. A wide range of forums, conferences and events celebrate the topics and trends of tomorrow. All this at the same time in the same place – for the synergy that will make MEDICA 2019 as successful as previous editions.

Commodities and consumer goods in Halls 5, 6, 7.0, 7.1 and 7a
“The event was a great success and we are already looking forward to next year. We have noticed a growing awareness of careful hand hygiene to prevent infection and avoid antibiotic resistance. The interest in sustainable hygiene solutions is therefore high.”

Martin Streitberger, Head of the Healthcare Division at Hagleitner Hygiene Österreich GmbH

“We have been co-exhibitors at MEDICA twice and had our own booth for the first time at MEDICA 2018. Its position in Hall 6 is ideal for us. We use MEDICA as a platform to present the innovative products from our new Healthcare Division.”

Jens Schumacher, Dr. Schumacher GmbH

“MEDICA is very important for our company. Our first time at MEDICA could be described as the birth of our international business. That is still important for us today. We have regularly established new international contacts here, and of course exhibited for our German target audience. MEDICA will continue to be an important part of our sales concept in the future; it is still the most important and largest medical trade fair in the world.”

Mr Kashif (Pakistan)

Mr Kashif from Pakistan is visiting MEDICA for the first time and is particularly interested in surgical instruments. He is enthusiastic about how well the event is managed and about the service provided. “The guides at the trade fair overcome any language barriers. That is great with such an international group of visitors.”
